

## PEZULA RESORT HOTEL PRIVATE VILLAS

Pezula Private Resort & Residence Club has been modelled on a proven global concept and offers members access to a unique holiday residence at Pezula in one of five superb two-bedroom villas located on the golf course.

The club is an equity-based investment with a limited number of shareholders who have fractional ownership and use of these residences in perpetuity. Members have access to all of Pezula's international-standard multi-sports facilities including Pezula Championship Golf Course and South Africa's most luxurious hotel, Pezula Resort Hotel & Spa.

Following the huge success of this project – the shares sold out within eight weeks of their launch two years ago – Pezula will soon launch a new and exclusive fractional ownership scheme, Pezula Resort Hotel & Spa Villas, offering just 28 shares at R1, 5m each which will entitle members to the use of one of two ultra-luxury four en-suite bedroom villas located in prime spots close to the Pezula Resort Hotel & Spa. These superbly designed and decorated 500 m<sup>2</sup> presidential villas with heated pools and stunning views over the golf course to the Knysna Lagoon or the Indian Ocean, will rival any luxury suite or villa in the world.
