In order to achieve the vision of creating a distinctive and harmonious landscape in accordance with the vernacular theming and to extend the planting framework, Erf Owners are encouraged, as far as is practical, to select plants for their gardens from the recommended plant list which may be extended from time to time so as to enhance the overall vision and quality of this lifestyle. Erf owners are to note that some plant species may be sensitive to cold climatic conditions dependent on the area where they are intended to be used on the Estate.
