Hi, I am Aneshka and have been with Pam Golding Properties since 2007. I have specialised in residential sales in Sunninghill, Paulshof and Barbeque Downs for over 12 years. My experience in the industry has provided me with insightful knowledge and expertise. I have gained deeper insight into my sales areas and consider this a great advantage to offer my clients.

I have a strong passion for real estate with a competitive ability to understand my clients and relate to their needs. I ensure each deal is treated with unique attention and advice. This attention to detail and my commitment has awarded me with Gold Club Agent status with Pam Golding Properties. I ensure both buyers and sellers are satisfied and receive excellent service levels every step of the way. I find great satisfaction in placing the right buyer with the perfect home, and sharing their excitement. Presenting sellers with favourable offers, particularly when their expectations are exceeded, brings equal amount of satisfaction.

There are many aspects of my job that I love, and working with Pam Golding Properties has provided me (as an agent) the platform to make this a successful and rewarding career. Meeting new people and building trusting relationships with my clients is the essence of my passion for the real estate industry. Many clients have remained good friends. Couples entrust me with the sale of their home and at the same time, welcome me into their family. When I am not selling homes I enjoy cooking, entertaining and spending time with friends and family. I take a great interest in design, be it in fashion, food, interior design, antiques, garden design and make-up. I take pride in keeping fit in both body and mind, so my personal time is filled with theatre, cultural entertainment and walking my darling dog.

This is a rewarding job on many levels and I can't imagine doing anything else!

"Thank you Aneshka for selling our home. You are very professional from the first minute when we met you. You did the best job to sell our home. You are one in a million. We will never forget you"
