

# I am Leanne Jamieson

Hi, I am Leanne Jamieson and I've been working for Pam Golding Properties since Feb 2010. I have been specialising in both residential sales and rentals in Steyn City. I'm very blessed to be working in a world class Estate. I hold my NQF4 in Real Estate and have been selling property for 20 years. I currently specialise in Steyn City, a world class Lifestyle Estate in Johannesburg North. I have been a top achiever within my field achieving GoldClub and Emerald Circle status. My speciality is service and professionalism to my clients, going the extra mile and striving to make each and every one of my clients feel special. In my free time I enjoy pilates, decorating, gardening and spending time with my family. I would love to hear from you, to help you with your property search.

"An estate agent dream is made of. punctual, knowledgeable about the product, always available to answer questions and when she does not have the answer she finds out and gets back to you. Most estate agents are gone once you have signed on the dotted line. Not Leanne. When we ran into problems with our bank in obtaining a bond, she made a few calls and we were sorted."

Nicolas and Morgan Loubser
