

I am Leonie Van der Sande

Hello, I am Leonie and I've been with Pam Golding Properties since 2011. I specialise in residential sales in Cornwall Hill, County Lane and Clearwater, Gauteng.

I began my real estate career 5 years ago, and in this time have obtained my NQF4 and completed my PDE exam. I pride myself in my professional manner, conducting myself with ambition and compassion towards my clients. My hard work, passion and dedication has been rewarded with Gold Club memberships for 3 consecutive years, making me one of the top achievers in sales within the Pam Golding Group. I attribute my success to the insightful internal training programmes we receive from a National and Regional level.

It is an honour to work for Pam Golding Properties and ensure I strive for excellence to uphold their reputation. Making a career choice in real estate with Pam Golding Properties has definitely been my best decision yet.

"What impresses me about dealing with Pam Golding is the efficiency of their network. Whilst speaking to Sascha Bausch regarding a move to KZN, he had the foresight to engage with his Pretoria based colleagues to canvass the market with a view to sell my property. The fact that my existing property was mid-renovation, they were able to secure a sale at my full asking price"
