

I am Sharen Byren

Good day, I am Sharen and I have been with Pam Golding Properties since 2012. I specialise in residential estate sales in Monaghan Farm, Dainfern, Helderfontein and Blair Atholl. My passion outside of the real estate environment is my family, the outdoors and mountain biking. I take great pride in what I do and strive to give my clients the best possible service. Get in touch and let's discuss how I can help you with your property requirements.

I have been in the real estate industry for 15 years and have loved every minute of it. I hold my NQF4 and PDE in Real Estate. My enthusiasm for sales began whilst working in the computer industry, where I honed in on my sales skills providing knowledge and server solution to Blue Chip companies for 13 years.

With an untold passion for the industry, I promise my clients service excellence and commitment, endeavour to share my valuable insight of the local market with each client, aiding in meeting their personal requirements. My commitment to the industry and to my clients has rewarded me with

Agent of the Year for two years in a row.

With limited time away from work, I embrace mountain biking as it offers me the opportunity to simultaneously exercise and surround myself in nature. I recently participated in the Tour de Tuli cycle adventure traversing South Africa, Botswana and Zimbabwe. My deep love for the bush and nature has sent me on many 4x4 adventures through Africa, as far as Tanzania.

"She was mindful of timing her visits with potential clients to suit our convenience and kept us fully informed of the progress of negotiations. As a real estate agent, she was conscientious and tenacious, ensuring that all formalities regarding the sale of our home progressed smoothly. We have no hesitation in recommending Sharen for any real estate opportunities."

Ian and Jill Robinson (Sellers)
