

# I am Daphne Timm

## I am Grahamstown

I am the eclectic mix at Opposite the Arch.  
I am packed baskets on the banks of Settlers Dam.  
I am the town of turrets and towers.  
I am the sunrise over Makana's Kop.  
I am heritage-lined streets around Church Square.

## I am Grahamstown Agent, Daphne Timm.

Good day, I'm Daphne Timm and I've been working with Pam Golding Properties as a sales agent since 1996. I am absolutely passionate about Grahamstown, its people and the community. Being the principal of Pam Golding Properties Grahamstown, I am very much involved with both property sales and marketing across all Grahamstown suburbs. When I am not selling or working on projects in my community, you can find me entertaining, gardening and spending time with my family. Give me a call to discuss your property needs and the best marketing strategy for your home.

I am a Master Practitioner in Real Estate, together with my 24 years' experience in Grahamstown, I have a vast knowledge of local and national industry regulations. I am well positioned to assist you as a buyer or seller with all your property needs. I cover residential property sales and rentals, as well as commercial sales and work closely with buyers, sellers, landlords and tenants. I aspire to make Grahamstown the place to be, fondly known as the "City of Saints", home to Rhodes University, Kingswood College, St Andrews College, DSG and St Andrews Prep, being notably sought-after schools in private education.

Over the years in this industry, I work hard and dedicate myself to not only Pam Golding Properties but Grahamstown and its community. I have received many accolades and awards being named a Paul Harris Fellow amongst my proudest. In my very first year I was Rookie Agent of the Year in the company, awarded Gold Club Status and from then on have maintained my Gold Club status until today. There have been other awards which I am proud of which includes Marketing Excellence, National Franchisee of the Year and National Franchise Agent of the Year.

I can proudly say I have sold many of Grahamstown's beautiful homes and in some cases sold them 4 times over, while families come to town to educate their children and when their time here is done, they move on. Building lasting relationships and forming new friendships over the years has been afforded to me through my clients trust and loyalty. Working with people is exciting and getting to work with people from all walks of life is absolutely delightful. I love bringing people together in the community, at meetings, at functions and in my home. The best thing about our industry is people! The team in the Grahamstown office is what I am the most proud of. Pam Golding Properties is here to help you find the right property for your family or the right buyer for you to leave your home with. When I leave the office, it is all about my home and garden, with my two sons settled in their lives out of Grahamstown. I fill my spare time working in my home or garden and making sure there will always be flowers for a vase or trees for shade.

"We have been doing business with Daphne for the last 8 years and sold 3 properties through her. Her advice to us concerning all things in the rental, buying and selling of properties has been knowledgeable, valuable and extremely helpful. Pam Golding is exceptionally privileged to have somebody as passionate, efficient and dedicated as Daphne working in their organisation."

BJ and Isabelle Allsop
