

# I am Moira Ferber

Hi, I'm Moira Ferber. I've been working with Pam Golding Properties since April 2013. I specialise in residential sales in the Fresnaye and Bantry Bay area. I would love to meet with you, put a face to a name and discuss how I can assist you with your property requirements.

I have worked in the property industry selling freehold properties in the Fresnaye and Bantry Bay areas for the past 20 years. I live in the Fresnaye area and am very qualified in assisting my clients with all their requirements, queries and in fact anything else they may want to know about the area. I think it is very important to live in the area that one works in for these reasons. Because I am local I am always available to meet with my clients at any time. I am actually a teacher by profession - a great benefit in the property industry as I am very thorough, and am able to explain everything very clearly to people.

I believe that it is very important that one has the ability to instil trust and credibility to one's clients, so that the client is always very comfortable with the agent they are working with. I absolutely love my property life because I

am a people's person and enjoy interacting with a wide variety of diverse people. Every day brings new opportunities and excitement. I love the unpredictability of the work that I do. I never know who I am going to meet on any given day of the week. Perhaps you will be the next person I will meet!

"Dear Moira. I am writing to you personally commend you on your professional service. It has been a wonderful experience dealing with you, from the moment I called you at 8 in the evening to our first meeting on a public holiday. Your work ethic, honesty, integrity fare very well with my value system and was identified immediately from the moment we met you. "

- Wayne Freed

I believe that it is very important that one has the ability to instil trust and credibility to one's clients, so that the client is always very comfortable with the agent they are working with.
