I am Upper Highway Agent, Janelle Alford

Hi, I'm Janelle and I've been selling property since January 2013. I specialise in sales of property in the Upper Highway. I have a keen eye for a good buy and can best advise on how to present your property for sale. Contact me at your convenience to add value to your purchasing/selling experience. I am passionate about property and providing a professional service. I majored in Economics and Marketing in my BComm degree. Thereafter I focused on a career in banking culminating in being a Private Banker for RMB Private Bank, Focusing on high net worth individuals; I relished the opportunity to provide innovative financial solutions. In the midst of my banking career I was approached to sell luxury vehicles, Mercedes, Honda and Colt, due to my financial acumen. I loved it and spent 5 years talking torque. My vast banking experience was also cause for Varsity College to approach me to lecture Economics, specifically Macroeconomics. This I also did for 5 years and enjoyed empowering the youth with this knowledge. A short stint in Conveyancing held me in good stead for property transfers. I bring to the table incredible knowledge and experience served with a smile and armed with determination.
