

I am Glynis Owen

I am Durban North

I am the well designed Beachwood Golf Course.
I am the long dog walks on endless beaches.
I am the brilliant schools right on our doorstep.
I am the bike track from Riverside to Blue Lagoon.
I am the buzzing holiday destination of Umhlanga.

I am Durban North agent, Glynis Owen.

Hi, I am Glynis Owen and have been in the industry for 2 ½ years and enjoying it immensely. My areas of speciality are the residential areas of Athlone in Durban North, Glen Anil and La Lucia, so allow me to discuss your requirements and to find your “dream home” for you and your family, or otherwise to sell your existing one and find something more suitable. I come from a Banking background, of Sales and Service for many years, and had worked my way up the corporate ladder, due to this I am also very familiar with contracts, home loans and signing of documents.

I have been living in the Durban North area for the past 17 years and my husband has come back to “his routes”. Bringing up our children here has been so rewarding, secure and much happiness, with also the developments of many new friendships and rekindling of the old. Watching the growth of new developments, the rebuilds and alterations of many homes (including our own) is always a fascination to me, that’s why I’ve fallen in love with the buying and selling of properties.

You’ll often find me walking the “drives” of Durban North with the “early birds”, taking notice of my surroundings as I stroll along, or otherwise riding the pavements with my family or friends, from the Umgeni River, Blue Lagoon to UShaka and back. One of my biggest passions was and still is, is being able to provide my clients with utmost, superb service, which I was often awarded for. I have almost completed my NQF4 Estate Agents Certificate and hold my NQF5 in Finance, which I am working towards as an Agent.

One of my highlights as a “Rookie” was selling one of my first listings at my first “show house”, which really motivated me to carry on and “give it horns”! My most recent sale was in central Durban North, to a friend of mine, with whom I had been working with for 6 – 8 months, so it was really great satisfaction and joy when we found the “house of her dreams” and this is I what I love and am passionate about. So if you can’t find me in the office, driving around in my car, or sitting at a “show house”, you’ll find me strolling the streets or cycling the promenade, so look out!
