

I am Sharon Ellis

Claremont Upper, Kenilworth Upper and Bishopscourt Village agent, Sharon Ellis.

Hi, I have been working with Pam Golding properties since March 2014. I specialise in residential properties in Claremont Upper, Kenilworth Upper and Bishopscourt Village. I would love to get in touch and assist you with your property requirements.

I have been working in these areas since 2004, initially starting with a Boutique agency, which specifically focused in the Southern Suburbs. During this time, I obtained a diploma in Interior Design and the relevant professional real Estate qualifications, NQF4 and PDE.

We are dealing with very valuable assets and investments, so it is important to have experience and an understanding of all the dynamics that have an impact on property values, in order to give professional advice and guidance. I strive to achieve a pleasant selling and buying experience, along with a sensitivity to the clients needs.

I grew up in Zimbabwe, received National colours for hockey and qualified in haematology and Bacteriology. I worked in Medical research and when I emigrated to Cape town in 1981, I worked in a Pathology Laboratory. My interest and passion in property developed later in life and have since become passionate about the industry. Through the years, I have achieved many goals and awards including GoldClub Status.

The Real Estate industry has many challenges, but the pleasure, I receive from having satisfied customers, keeps me excited and optimistic. I look forward to the future journey in this industry.

My recently sold properties

3 bedroom house in Claremont Upper
R5,475,000
