I am Wierdapark Agent, Ena Jacobson

Hi, I am Ena and I have been working at Pam Golding Properties since early 2014. I am a full status agent, focusing on sales in Wierdapark. I pride myself in my professionalism and honesty, sharing my warm personality in the new relationships I build with clients. I have a "customer first" focus in establishing and maintaining relationships with buyers and sellers. It brings me great pleasure in finding the right home for the right people. I have a honours degree in Home Economics with subjects such as interior decorating and management. I also had my own business for a few years. In my personal time I love to play tennis and bowls. My new interest is mountain biking and I'm training for my first race at the end of the year. I am passionate about animals especially dogs and contribute to Guide Dogs for the blind and shelter dogs. Get in touch and let's discuss how I can help you with your property requirements.

"Thank you for the excellent service I received from Ena when purchasing my property."
