

I am Velishia Tuohey

I am Plettenberg Bay

I am the great migration in July.
I am farm fare at Old Nick's.
I am afternoon runs along blue flag beach.
I am the cliffsides. of green.

I am Plettenberg Bay Agent, Velishia Tuohey.

I am a local Plett girl, grew up in Kurland Village, 20 minutes out of town. I completed matric in 2003 and worked for the tourism sector for a few years doing administration, then studied to be a marine guide. My drive and love of working with people have steered me into the direction of Real Estate. I started with basic administration for a big developer in Cape Town and my dream took flight. I am a proud qualified property consultant. Living in Cape Town and experiencing the fast life, most evenings I dreamt of going back home to the relaxed environment, family, friends and the lovely summers we spent on the beach. I made it my passion to make this dream a reality again and hoping to do the same for others. Connecting with people because I am not just selling real estate, I am building lasting relationships. I understand the market and the environment that I live in because not only is this home, this is where we raise our family. Brilliance is understanding and living the life most people only dream of and being in this reality is priceless. I strive on being professional at all times and go beyond what is expected.

"Velishia, thank you for your professionalism and speedy response. We are really blown away!"

Karen Heunis
