

I am Sandra Mack

I am Parkhurst

I am the hustle and bustle of 4th Avenue
I am the leatherbound worn pages at Verity Library.
I am the trinkets down Antique Valley.
I am wagging tails and echoing whistles at Delta Park.
I am the established greens of The Parks.

I am Parkhurst Agent, Sandra Mack.

Hello, I am Sandra, I have been working at Pam Golding Properties since the beginning of 2015. I am currently completing my internship as partner to Judy Mack. I specialise in residential property rentals in The Parks areas.

After watching my mother in the Real Estate industry most of my life, I decided to make a life changing career move and leave teaching to become a rental agent. A year down the line and I could not be happier with my decision!

I thoroughly enjoy meeting new clients and assisting them in finding their perfect home. It is a privilege to have trust instilled in me by Landlords to market their beautiful homes.

My years of teaching have taught me to be patient, and to listen closely to people's needs. This is vital when one has to find the perfect tenant for a landlord and the perfect home for a tenant. Forming relationships with our clients is important as renting out your home, or renting a home is a very personal need. Striving to do my best has awarded me with agent of the month awards in my first year in the industry.

Working in Parkhurst brings back many happy childhood memories as this is where I grew up. Observing the growth in the area is fascinating. In my spare time I enjoy reading, cooking and spending quality time with my family and friends.

"Thank you Sandra for all your help in making our move a little less stressful"
