I am Port Elizabeth Agent, Alexandra Truter.

Good day, my name is Alex and I am a proud agent for Pam Golding Properties in Port Elizabeth. I have been in Port Elizabeth for 21 years so I know the neighbourhoods, schools and so forth inside out and can help you select the best one for your family's needs. I am a property sales specialist, specialising in, but not limited to, Lorraine, Kamma Heights, Kamma Park and surrounding areas. I want to take a moment to welcome you to our beautiful province, the Eastern Cape!

I am honoured to live in a place that is filled with so much natural beauty and it gives me great pleasure to be able to share this with others through my job as a real estate agent. I have had an obsession with property since around the age of twelve. As the years went by, the love increased and I found myself pursuing a career in property. Having completed my B.Com Degree and then a Teaching Degree I feel I am able to bring a unique combination of skills and expertise to the clients I serve.

I have found great truth in the quote "to handle yourself, use your head; to handle others, use your heart". I feel that being in this industry one needs to focus on each person knowing that everyone is unique and needs a certain approach to fulfilling their property needs. I enjoy connecting with people and finding out what makes them tick! I understand my clients are in different stages of life, they may be newly married and buying their first home, they may be financing their child's university fees or even planning retirement.

I enjoy finding common ground with each and every one, no matter the background. I aim to differentiate myself from other agents with this approach as well as by thinking outside the box. I constantly look for innovative marketing ideas and use advancing technology to stay ahead of the rest. I am a very family and friend orientated person and I see endless value in building rapport and respect with each person I come into contact. I offer every buyer and seller the same energy, integrity, hard work and creative service.

I enjoy working in all realms of the residential industry representing sellers, buyers and investors. I am a farm girl at heart with an undying love for animals, the outdoors and cycling. I look forward to meeting you, the client, and developing long-term relationships with and achieving success for each and every person. Please do not hesitate to contact me for friendly, informed advice regarding your future dream home, next sale or next investment property!
