

I am Pieter Nel

important to me.

Hi! I'm Pieter and specialise in selling and letting homes in the upmarket lifestyle estates in the Pretoria East region. I hold a BA, B Theology and master's degree (Cum Laude) in Theology, as well as a NQF 4 in marketing. I have six years' experience in marketing and I have the privilege of being part of the renowned Estate Dream Team of Pretoria.

I am a left and right brainer – so when I'm not being analytical and logical, I enjoy being creative. If I'm not marketing, I create oil paintings, bronze sculptures, and head outdoors to capture nature with my wildlife photography. I'm also very active, I'm proud to have completed seven Comrades Marathons, and I enjoy golf.

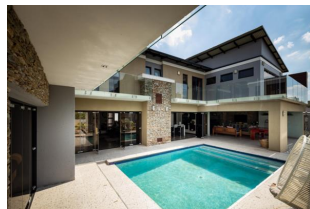

I love people, marketing and excellent quality, and when these three culminate, I'm at my happiest. Selling a beloved, well-cared for property to a family is the sum of satisfaction for me and it's what drives me in my career as an estate agent.

In my studies and in my career, I pride myself in always landing up at the top. I love a good challenge and the needs of each of my clients are
