

I am Riaan Ackermann

Hi, I am Riaan Ackermann and I have been a top producing real estate agent for 6 years. I recently joined Pam Golding Properties and specialize in residential property sales in the exclusive City Bowl area of Cape Town. Having owned my own real estate company prior to embarking on my journey with Pam Golding Properties, I have brought my expertise and valuable insight of the property industry to the prestigious family. My successful career history was welcomed by the Pam Golding Group. During the course of my career as an estate agent, I have known this to be my passion. Being in sales all of my career life, both for national and international luxury companies, I understand the importance of service excellence. I have become renowned for great customer service, consistent communication and ensuring my clients remain informed during their entire purchasing or selling process.

I live by my motto "listen to the client's needs, then act!" Having said this, I undertake the responsibility of understanding my client's needs, and respect what it takes to successfully close a transaction. I strive to make the

experience a positive and happy one for all. I pride myself in my after sales service, and remain in touch with my clients long after the closure of a transaction. Many clients have in turn, become good friends.

When I'm not assisting my clients, I keep body and mind fit by going to gym, or walking up our spectacular mountain. I spend quality time friends, enjoying good food, fine dining and occasionally attending new bars in our vibrant city. I enjoy theatre and arts, people are my passion.

Give me a call and let's discuss how I can help you with your property requirements.
