

I am TT Khumalo

I am Rustenburg

I am the calm waters of the Olifantsnek Dam
I am the 18th hole of the Rustenburg Golf course
I am the flowing waterfall of the Kloof after good rains
I am the laughter of children playing outside in the late afternoon.
I am the selection of vintage cars on the Rex road.

I am Rustenburg Agent, TT Khumalo

Hello, my name is Thato (TT) Khumalo and I joined the Pam Golding Rustenburg team in 2016. I specialise in rentals and sales in and around Rustenburg but concentrate on Waterfall East, Oos Einde, Rustenburg North and Fox Lake. I am currently in the process of qualifying for my NQF4 in Real Estate and strive to further my knowledge so as to provide an even better service to each and every one of my clients. I pride myself on being someone that is trustworthy and honest with a lot of integrity.

Born and bred in this town and growing up in Tlhabane, I am well versed in the culture of our town. I am a hardworking, driven person that will stop at nothing to try and provide my clients with their dream homes or to sell their existing homes. I take my position as a Real Estate agent very seriously and the satisfaction that comes from a client being satisfied is the best. Not one of my days is the same and I get to meet the most interesting people from all walks of life. Building relationships with my clients are of the utmost importance to me as this helps me understand who they are and what they are looking for in a home as well as the kind of lifestyle they want.

Most of my spare time is spent with my family of which I have a lovely wife and 3 children. Quality time with them is essential in a profession where you are on your toes all the time in case of clients needing to be helped. My wife and children are my world and they give me their full support in everything I do. As a family we love travelling and most of our quality time is spent when doing this and being away from what we consider to be the norm. Beyond real estate, I enjoy dabbling with sound engineering and have a love for cars. I would love to be of service to you so please give me a call.
