

I am Lorraine Ogilvie

Hello, I am Lorraine Ogilvie and I am a Property Consultant for Pam Golding Properties. I specialise in residential, full title and sectional title sales in the Upper-Highway area.

I have been with Pam Golding since 2017 and I hold my NQF4 in Real Estate. My passion outside of the real estate environment is my family, the outdoors and cycling. I take great pride in what I do and strive to give my clients the best possible service.

I've been in the banking industry for 16 years as well as 10 years as a bond originator. I find this to be a huge benefit as I have insight into the financial aspects of purchasing and selling property. I love using my knowledge to assist people whether buying or selling or even merely discussing the property market. Meeting and interacting with people from all walks of life is one of the facets of the "job" that I really enjoy.

Client service and making both parties excited and happy is of upmost importance to me as one of my goals is to retain both buyers and sellers as clients for life.

When I'm not focusing on finding your new home, I enjoy my family.
Get in touch and let's discuss how I can help you with your property requirements.

"I want to thank you from the depths of my heart for all you have done with regards to getting this house sold. You have gone truly above and beyond and Mark and I are grateful. Your patience and humour have gone a long way to making this a painless process and I am glad to call you a friend of mine. "
