Pieta Van Wyk

Hi,

I joined Pam Golding Properties after a career of 35 years in the logistics industry. This included the imports and exports of goods, but notably I spent 25 years in the courier industry. Since 1995 and until 2010, I owned and managed my own national courier company.

Marketing and selling are two important functions within the courier industry. The exposure and experience gained during this period, is standing me in good stead within Pam Golding Properties. It is all about satisfying the needs and requirements of customers.

I specialise in four areas in Pretoria : Waterkloof Ridge, Monument Park, Sterrewag and Erasmusrand. Contact me if you are interested in purchasing, or selling, properties in these four areas. They are well positioned and central, especially with reference to schools, universities, O.R. Tambo airport, Sandton and Johannesburg as well as the East & West Rand.

I hold a M.B.A degree, as well as the B.Mil (B.Sc) from Stellenbosch
