

I am Jonathan Tannous

My name is Jonathan Tannous I am well-versed in Psychology, Communication and Psychometric assessment. I am also an internationally certified corporate and personal life coach. I have an extensive background in sales and have worked with people and companies around the globe which has enabled me to really understand people.

It is these attributes that have led me to a career in real estate. I am a good listener and can lend a sympathetic and professional ear when needed. I have an understanding of people's wants and needs and a flair for matching buyers and sellers. I am energetic, passionate, adaptable, caring and a 'deep thinking' person who is always mindful to be authentic to who I truly am. I love building relationships with my clients, not just for today but for the long term. My goal is service excellence and I believe clear, consistent communication is key to this success!

My family is my world! My biggest blessing has been my beautiful twin daughters who have stolen my heart and have brought such joy to my life. I believe in working hard but also prioritising time for my family! I love being

outdoors and being in nature and you will often find me at Ethel Grey Park with my family walking our dogs and going on our little adventures.

I love extreme sports and have experienced bungee jumping, ski diving, white water rafting, flying Trapeze and have dived with sharks, dolphins and whales in the Sardine run. I love to keep fit by swimming, gyming and doing any outdoor activity. My real passion is travelling the world and experiencing all different cultures. I believe life is an adventure and is to be enjoyed to its fullest!
