

# I am Nicole Wannenburg

I am Nicole Wannenburg. I joined Pam Golding Properties Mauritius in January 2018 to assist in setting up and spearheading their new Commercial division. I currently specialise in the rental and sales of offices, retail and industrial properties as well as finding business investment opportunities. In essence I cover the whole island but my main activity is in the central region and the west and north coast.

I am an adventurous person and love to be outdoors so what better place to be than Mauritius? I often hike one of the mountains on the island and love to play beach volleyball on a weekly basis. I appreciate the beauty in nature, embrace simplicity around me and respect life in general.

I am passionate about working with people and cherish the relationships with my clients. I enjoy connecting with them and understanding their needs and wants, thus allowing me to personalise their real estate experience.

My commitment is to deliver on the fundamental values of transparency, communication and trust. I truly love what I do and always strive to do my utmost and uphold the great Pam Golding name.

I am looking forward to being of value to you and your business, but remember that when trying to make the best decision of which property to close in on:  
\*Don't think of cost. Think of value. – John Spence – \*

## My recently let properties

**171 m<sup>2</sup> commercial  
industrial property in  
Riche Terres (Mauritius)**

R9,213 (Rs23,000) per month

“Don't think of cost. Think of value.”
