

I am Hazel Tappan

I am Hazel Tappan, your full status agent in 'fabulous' Fish Hoek. Having recently joined Pam Golding properties I am extremely proud to be part of this award-winning agency.

With over 13 years in the property business, I hold an NQF4 PPRE qualification and furthered my tertiary education at Paarl Training College. I believe that my love for interacting with people and helping them achieve their goals is what lies at the core of my success in real estate.

To date some of my career highlights include receiving awards for highest achievements in sales and a Master Agent Award. Most recently I have concluded 7 sales in this sought-after area.

I am driven to assisting people and families to realise their dream of home ownership and go the extra mile to help them to achieve this. In this digital age, I find that connecting sellers and buyers via the web and social media is another way in which to successfully market properties.

I love my family and enjoy time spent with my husband, grandchildren and my legendary 93-year-old mum. Walking my pug, crocheting and reading

helps me to relax in my spare time.

I invite you to get in touch and set up a time best suited to you to discuss your property requirements.
