I am Helderberg agent, Zihle Madzidzela

Hi I am Zihle Madzidzela. I specialise in residential property sales. I grew up in the Helderberg and therefore I have extensive knowledge of the area. It brings me great pleasure in sharing my insights of the area to prospective clients.

In my free time, I get to enjoy my favourite activities, including hiking in the nature reserve. I enjoy braaing with friends and family, I also gym and love playing and watching all kinds of sports. Dining at a number of our local top restaurants is a favourite pastime and I love travelling – I like meeting new people and doing different types of fun activities.

Having a passion for the industry, as well as for people, I understand what is required to successfully close a transaction, ensuring the entire experience is a positive and happy one. Warm and friendly by nature, I endeavour to go out of my way for others. I pride myself in offering my clients an exclusive after sales service.
