

I am Selma Le Roux

Hi, I am Selma le Roux and have been working with Pam Golding Properties since 2019. I specialise in residential property sales in Reebok, Klein Brak River and Fraai Uitsig.

My property journey started in the financial aspect of Retirement Developments. I was involved in this aspect for seven great years in which I discovered my passion for working with people and assisting people with their crucial property decisions. Having lived in the Garden Route for the past 30 years, I have an intimate knowledge of the area and a real passion for property in this area. Moving into the Property industry formally by joining Pam Golding Properties has solidified that passion and I sold my first property within the first 6 weeks. It is my vision that I will make a difference by bringing together properties and people and helping clients find their dream home, and helping sellers move to their next adventure.
