

I am Motlapele Makete

I am Motlapele Makete and I have recently joined Pam Golding Properties. I specialise in both rentals and sales and look forward to meeting new clients daily and helping them realise their dreams in a home. I desire to make the buying and selling of a person's home, a pleasurable experience. Hard work, patience and commitment invariably pays off.

I'm currently busy with my NQF Level 4 and my log book qualification. My aim is to be done with NQF Level 5 by the end of 2022. I have been practicing as a Real Estate agent since the beginning of 2016 and find that I love it the more I get involved in the process. The areas that I have serviced range from Waterfall east, Tlhabane West, Geelhout Park and Sunrise Park, but I am comfortable to work in any area where the need may be. My career highlight so far has been the first official sale that I made and that alone intrigued my passion for Real estate. The feeling of accomplishment when you have helped someone realise their dream of owning their own home or being able to place them in a suitable rental property that meets their needs, is wonderful. I aim to become the top

agent of my area.

My recent sale was the one that I did in December 2019 for Roan Ridge Estate. I love engaging and meeting new clients on a daily basis and enjoy the whole process of selling a house, especially when it's a brand new house. The journey of building a new home with a client, and being trusted to offer advice, is out of this world.

When I'm not working, I relax by reading books. Mostly motivational books, financial literacy books, watching movies and travelling.

I would love to have the opportunity to meet you and help you have your property dreams materialise.

 An International
Associate of Savills
