

I am Estelle Smit

I am Estelle Smit and have worked in the real estate industry for the past two years. I am extremely excited to have joined Pam Golding Properties. I do not want to be just an average real estate agent, therefore I decided to join the best and trust that this path will lead me to become the best possible real estate agent I can be. I started to invest in property when I was only 21 years old and I honestly believe that investing in property, is the best investment you will ever make.

I am here to provide excellent service to every buyer and seller. My aim is to not only improve your life, but also your wealth. Buying or selling a home can be stressful, emotional and may not always be easy. However, I am here to provide the professional guidance you need whilst you allow your heart to guide you and together, we make your dreams become a reality. My children are simply amazing and I couldn't imagine my life without them. In my free time I either spend quality time with them, walk my dogs, get creative with mosaic designs, escape with a good book and cappachino or enjoy treasured moments with family and friends.

I look forward to assist buyers and sellers to experience the real estate market the Pam Golding way.
