

I am Win Doody-Pestell

Hi, I am Win. I have been an award winning estate agent for Pam Golding Properties since 1991 and I specialise in residential sales in Bryanston East. My commitment and passion for the industry have awarded me with numerous Gold Club Agent awards along with my 25 year Long Service award. I graduated from university with a degree in Economics and Political Science, and furthered my studies with the relevant Estate Agents Board Exam. I strive to provide my clients with knowledgeable insight of the industry and assist in making important decisions.

My long standing career has been built on building trusting relationships with my clients. I focus on listening to my client's every need whether they are the buyer or seller. There is nothing more rewarding than partnering up a family with their dream home, or acknowledging a sellers investment achievements.

The industry surrounds me with meeting so many interesting people and forming meaningful relationships. Discovering what is important to my clients is so enticing and it is this attention to detail which allows me to find

them their perfect home.

In my quiet time I enjoy reading, music, visiting art galleries, art nouveau movies and traveling to see my children in London and Malta.

Get in touch and let's discuss how I can help you with your property requirements.

All sales are notable!
