

I am Alistair Dempster

Hi, I am Alistair and I have been working with Pam Golding Properties since 2005. My mother's 40 years in the industry is my true inspiration and commitment to excellence. I have been awarded my NQF4 qualification accredited with SETA.

I focus on building trusting relationships with my clients as I believe this industry is about people and not property. I offer my expertise and focus on getting to know my clients, guiding them to make the best decisions with their real estate investments. Striving to provide the best possible service from start to finish is what has awarded me Gold Club membership in 2015. I take great pride in sharing my love and appreciation for my home town. In my personal capacity I am focused on uplifting the community by providing a street cleaning service, ensuring Lonehill and Magaliesig are welcoming to all visitors and residents.

People play an integral part in my life, and I value my clients as I do my friends and family. My passion for real estate is shared not only with my mother, but my wife and sister too! Family holidays and weekends away to

Dullstroom allow for passionate property banter amongst us all.

There is no place like home, and being able to provide for you and your future through appreciating property investments is priceless. I look forward to sharing this journey with you.

"We have worked closely with Nikki, Alistair and Rebecca for some years now, and know them well. We have always found them to be absolutely professional and efficient. Phrases like "on the ball", "friendly" and accommodating and understanding of client's needs" come to mind. "Going the extra 10 miles plus" "

The Denoon Sampson Ndlovu Team
