

I am Gill Jones

I am Upper Highway

I am the artistic inspiration at the frequent farm stalls.
I am the crisp nature air feeding my soul.
I am the frolic in the fresh fountain flow.
I am the dance of the autumn leaves along lanes.
I am the delicate dancer in the light of dusk.

I am Upper Highway Agent, Gill Jones

Hi, I am Gill Jones. I have been in the Sales & Marketing businesses for the past 46 years and joined Pam Golding Properties in 2007. Being honest & reliable in every aspect of my life especially in the property industry with guiding the clients both sellers and buyers throughout the buying and selling procedure of their homes. This trait is VERY important to me and I pride myself in always attempting to achieve this extremely important side of the business, coupled with product knowledge, especially due to the fact that this could be a buyer's biggest purchase that he/she may embark on. Therefore it is imperative that they are guided and helped throughout the process from start to finish as smoothly as possible. I love my job and I am passionate about finding the perfect home to suit the buyer's needs and budget that will also meet the seller's monetary requirements. There is nothing more thrilling than when you see and feel the delight of both the buyer & sellers countenance once you have completed the house sale to everyone's best interest and satisfaction. To me this depicts "SUCCESS". Other strong points of my personality are... An even temperament and can deal with some difficult situations, by being able to stay calm and work through the problem with the clients. Good communication skills / enthusiastic / motivated / good listener / product knowledge / good energy / go the extra mile / after sales service / Well groomed at all times are all further attributes to my personality.
