

Imagine Issue 9

12 December 2017

Welcome to the summer edition of Imagine Magazine, we are particularly excited about this issue, as we introduce three new features to the magazine.

Our 'Special Feature' piece will showcase exceptional properties, experiences and merchandise and the latest in trends and innovation within the scope of luxury. This issue's Special Feature celebrates the simple luxury of seaside living in Hermanus and explores the lavish Marine Hotel in 'True Blue'.

The other two new additions include 'New Look', with this month's feature looking at seven ways to re-vamp your space without doing a full renovation and 'Object of Desire' where we take a peak at textile and knitwear designer, Laduma Ngxokolo's, favourite indulgence.

Imagine is Pam Golding Properties' bi-annual award-winning lifestyle and real estate magazine which celebrates the finer things, prepare to lose yourself in a world of possibility.
